Plan to Attend
IAS Annual Meeting and Symposium
March 11 – 13, 2010
College of Southern Idaho
Twin Falls, Idaho

Symposium Theme I: Water
Symposium Theme II: Science Education

Outstanding Speakers: Confirmed keynote speakers include Jack McIver, University of Idaho, “Physics and Society: Promise and Limitations for the Future.” See website for updates as additional speakers are confirmed.

Tours: Shoshone Falls, CSI Fish Hatchery, Hagerman Fossil Beds, and Alligator Farm are all available. Sign up early!

Awards: A long tradition will continue with the Idaho Distinguished Scientist and Science Communicator Awards. Awards are also available to student presenters in each discipline. **NEW THIS YEAR:** The Outstanding New Investigator Award and Lecture. Nominations are sought--guidelines at <http://www.isu.edu/ias/awardprogram.shtml>.

Technical Paper and Poster Sessions: Submissions are encouraged in all scientific disciplines from scientists, engineers, and educators at all stages of their careers or study. Student presenters are given FREE registration, excluding meals. Cash awards are presented to top student presenters in each discipline. Abstract deadline is Feb. 5, 2010. Anticipated sessions include **Idaho’s Aquifer; Aquaculture; Past, Present and Future of Energy in Idaho; Best Practices in Science Education (K-12); Best Practices in Science Education (College); Science Needs in Today’s Job Market; Biomolecular Science; and General Science.**

Social Events: A Friday night banquet, a Thursday night reception and observatory event, refreshment breaks, lunches, and tours provide many opportunities to meet and interact with other scientists, engineers, educators, and students from around the state.

Graduate Professional Development Credit: Graduate level credit is available to educators through Northwest Nazarene University. Competitive scholarships are available to cover registration fees.

Exhibits: Sponsors and other institutions of interest will have displays available.

Detailed Information, Online Registration, and Call for Papers:
